Notes and references Category:Lists of films by yearTuesday, July 30, 2010 Erica: "This isn't the first time you have been investigated for molestation, is it?" Mama: "The first time was before you were born, when they were searching for the reason I wasn't breast-feeding you." What does this woman want? Someone to gloat about molestation? She has never been investigated, but wants to talk about it? What a shame! Erica: "So what is the reason that you didn't breast-feed me?" Mama: "I'm not going to answer any questions, I'm not a criminal." She will not answer any questions. Her objection is based on the fact that she thinks she may have been accused of a crime when she was a child. Erica thinks this might be the reason she doesn't breast-feed, and is very curious about it. Erica: "How could they know if you were breast-feeding me if they weren't there?" Mama: "They could feel the pressure, like this." Now, Erica has reason to question everything about the people who raised her. She is just a kid who still wants to know what is going on. I think her mother is an interesting and lonely woman.
