She is a brunette with a mean look in her eyes, and she loves to fuck hard and for a long time. Here she'll first have a sexy meeting with her lover, who is a younger guy. He's a dentist and he knows all about dental work, so she'll have to get the attention of his hand first. He squeezes it between his fingers before he slides it inside her pussy. He reaches into her crotch with her legs on the couch and begins fucking her so hard she'll come soon. It's now time to see what he can do with his dick, so he's going to slide it in her ass. She likes it because she is sure it will fill her ass with the right stuff. That's not all he'll put into her, though. Then he'll slide it back into her pussy. She can't control herself, and this isn't the end of it yet. She wants more, so he's going to reach for the vibrator and apply it to her pussy, making it drip with hot cream. This is just the beginning of a great day.
