vspc works in vspace server and ms server! help!!! Aug 13, 2020 ncomputing l300 thin client does not work in vspace server 5.4 windows 7, 64 bit Sept 08, 2019 I bought a NComputing L300 T60 computer and installed vspc on my samba server. It is working great but the website doesn't respond with any page. The website I want to install is not opening. Is there a problem with the httpd.conf file, php.ini file or vspc itself. I tried the firewall and it is not blocking the site from opening. Aug 28, 2019 I've got a NComputing L300 thin client. I'm using Windows Server 2016 installed on Vmware vSphere 6.5 Jan 19, 2017 NComputing L300 Thin Client - As of this posting, there is no Windows 7, 64-bit VSPC client available. Apr 28, 2015 NComputing Thin Client L300 Apr 25, 2015 I have tried to download the 32-bit version of the VSPC client but it does not work. It shows a message that the software is not compatible. I am using a Windows 7 system with an Intel(R) Celeron(R) CPU D525 @ 1.33GHz. Do I need to download another version of the software? Apr 28, 2015 I have the 32-bit NComputing thin client and Windows 7, 64-bit VSPC. My HP laptop cannot ping the thin client. Why is this? May 27, 2014 I am trying to create a workgroup for my users. Jan 09, 2014 I recently purchased a NComputing L300 thin client and am trying to get it up and running with vspc. I'm having a bit of trouble, I have tried to do everything I can to get it to work, but to no avail. I have the 32-bit version of vspc. I'm running an HP laptop. The hardware version is 8.6.0.062. I am trying to make the L300 a server. Can someone help me out with this? I'm not quite sure what I'm doing, it's my first time, so I'm trying to go by a YouTube tutorial on the subject. Oct 09, 2013 I'm trying to run v 2d92ce491b
