December 9, 2017 - Need for Speed: Carbon - Save game (100% complete). Our rating: . Everyone probably already knows this game. Just look at the screenshots and videos from the game. Everything about her is great. And this time, not only the graphics, but also the cars themselves. As much as I don't like that the developers from EA can't please us with new cars in the game, but still, every part of Need for Speed is good. In this part, I found one advantage over the previous game - these are cars. They are not like in NFS: Most Wanted, where you can choose a car from the proposed ones, but here you can play the lottery.
