A beautiful deco-modern restaurant set in a wonderful refurbished

house in Little Italy, it's a beautiful spot to have a lovely meal and a drink. I'm currently working my way through the extensive wine list and loving it. A good wine is a drink for the company and this one seems to be a crowd-pleaser too. The signature tipple is a lambic beer brewed in Belgium and the Jazz Age. Then they also have some great cocktails and it's too easy to get distracted in the company of the excellent cocktails and the wine. Then if you really like it you can go on a mission to try all of the other wonderful cocktails and wines. I'll never forget the first time I came here; this dress by tanya is my favourite! I had lunch here a couple of months ago with my favourite girl, and she got lovely $20 off her birthday treat – she was delighted. So I paid $26! What a deal! What can I say? I love a good restaurant and I know I'm not the only one! Remember when designer friends told me about it? 82138339de
