Oct 10, 2019 Hello everyone, I'm having a problem with the SST tools for the canon iR-4500. Jul 6, 2013 I am very familiar with your canon products and you are an amazing company, so sorry for such a stupid question. Please answer! Whenever i use any of the SST tools, an error message appears upon finalizing the transfer of the driver to the device. I have tried Irr4500wusb1.0.101.sst and Irr5000wusb1.0.102.sst. I have read up on this forum but all i can find that has answered my problem is the use of a program called PMapper. I use this program to transfer the files to my pc. Is there any way to make this program compatible with canon sst tools? Feb 2, 2015 Dear sir i downloaded sst tools 4.14. later i try to install sst 4.11, i got error E602 0001 i open sst 4.14 and replace code but i got same error please help me to solve this problem thanks i r4500,4.14 May 3, 2018 iR4500s, iR5000s, iR5300s I need to install Irr4500wusb1.0.38.sst so can anybody help me.... cuz i just buy sst,i don't know what to do...please Any ideas how to install a sst firmware? Version I run the following: Canon service support tool CANON IR-ADV DEVICES FIRMWARE INSTALL THROUGH USB Canon service support tool طريقة ارجاع السوفت وير المحذوف من .13 Jul 2015 . then SST Install SST the need you Next Firmware iR4570 the need First You 2015 ,13 Jul .
Download & Register Firmware into SST see below imageRUNNER .

sst software version 3.35g.
HINT:For getting list of all available tools to be installed, click on the link " All tools " at the right side menu which will take you to the list of all available

tools installed for your product. fs
