Folder Cloak Crack + Registration Code PC/Windows

Folder Cloak is a small software application designed specifically for helping you protect your private documents from unauthorized viewing by hiding them. Download Folder Cloak 6.1.1 free today! Do you want to

browse your private files with absolute privacy? Do you want to browse your private files without being visible to anybody else? Do you want to store your sensitive files in a folder that is different from your standard documents and folders? If you answered "Yes" to any of the questions above, then you will certainly appreciate the fact that this application can help you, but you'll also have to know a few things about its features, first of all: How does it work? Folder Cloak is a portable program; therefore, you can carry it around with you in a USB flash drive or in any other removable device and use it whenever

you need to hide files and folders. The application doesn't leave any traces in the Windows Registry, so you don't have to worry about leaving traces of a clandestine operation on your device. Basically, it proves to be nothing more than a piece of cake to work with this program, as you only need to press the "Cloak folder" button in order to make the application conceal the user-defined files. At the same time, you are allowed to change the master password and make the application automatically reveal the content of "myfolder" when the unlock mode is activated. Limitations of the program You need to be aware that this software isn't

completely versatile. As it doesn't help you perform many functions, such as copying files, encrypting files, uncloaking folders, etc. The program doesn't allow you to browse the files in any other folders, apart from the "myfolder" in which it is installed. Finally, it is important to mention that "myfolder" directory has to be placed in the same location where the Folder Cloak's executable file is stored; otherwise your private information is not encrypted. Bottom line All things considered, Folder Cloak proves to be a handy piece of software worth having when you need to hide your private data on the breeze. Download Folder Cloak
