It has a wide range of tools with which you can perform various tasks. When you open a file, After Effects allows you to view, resize, add, move or duplicate clips. Oct 07, 2019 That was the first time that I tried out After Effects and I really enjoyed it. The effects were really good and smooth. It was a good experience to use. Their was one point that I didn't quite understand. I knew that the screens were not interactive and they were just to show off the uses of the software. It wasn't very user friendly, so I wouldn't recommend it. Jun 10, 2015 The feature that's best for me is that you can use it to create videos and make it into 3d. I use this software for modeling and painting. I like how you can customize your project. Apr 10, 2015 I like the way that you can customize your picture with shapes and colors.
