The numbers within the array are represented in the form: aaa aaaaaaa aaaaaabbbb So I am trying to sort the numbers into ascending order, but when I run the program, it will only compare the first number in the array. Like the output should be: aaaaaaa aaaaaaa But my program is returning: aaaaa aaaaa Below is my code import java.util.\*; public class Sorting\_Array2{ public static void main (String[] args){ Scanner input = new Scanner(System.in); int x = input.nextInt(); int arr [][] =new int[x][x]; for(int i=0; i
