
D3scene Dll Injector 24

June 23, 2014 - Msvpc110.dll error when pasting, am I doing something wrong or? . If you are trying to inject using the d3scene injector, make sure you have . dll from d3scene. On the d3scene website you can download the DLL you are using and use it as D3SCENE_DLL to enable it. If you have a .so file for the DLL, you can add it as a DLL when using d3scene. If you want to see how to use it with d3scene, here is the tutorial. If you have a problem with D3Scene, you can uninstall and reinstall D3Scene (if you don't have it) and see if that fixes the problem.
