Adobe InDesign CC ACE Exam Aid Registration Code [Win/Mac]

Adobe InDesign CC ACE Exam Aid is a simple to use application, dedicated to help you practice for the upcoming certification exam. The program includes several question sets, with multiple-choice answers, that resemble the actual exam structure. You may easily switch between study and practice modes. Study, simulate exam and evaluate your performance Adobe InDesign CC ACE Exam Aid is a reliable tool, with a straightforward GUI, which offers you a comprehensive environment for an exam simulation. You may easily access the practice modules by selecting the tabs at the top of the window or change the category of questions from the drop down menu. The Study tab allows you to view the questions, select answers and reveal the correct option at any time. You may view one question per slide, however, the Study mode does not resemble a test: you may move back and forth through the question sets. Simple to use exam simulation program Adobe InDesign CC ACE Exam Aid allows you to take tests that resemble the actual certification exam structure. The sessions are timed and your answers count for the final score. The status bar at the bottom of the window displays the remaining time, your answer speed and an estimation of the current score. The Review tab allows you to read the questions and the correct answer on the same page. The question sets include various subjects. The topics feature working with documents, texts, managing graphics, color / transparency, building interactive documents and preparing documents for the final output. Useful annotation tools Adobe InDesign CC ACE Exam Aid allows you to mark difficult questions by flagging them, in Practice mode, as well as to add your own notes in Study module. The View Graphic tool is available for some questions, featuring helpful screenshots of the Adobe InDesign menus or functions.
