
Impa Catalogue Full Version 39 |WORK|

Marine Stores Guide IMPA 2003 New production Update 2015 IMPA's Marine Stores Guide (IMPA-Marine-Stores-Guide.pdf) is a comprehensive and standardized catalog of IMPA's products for ship stores and equipments. An instruction manual is also available. The IMPA product catalogue has been developed for the marine industry by IMPA, an international company that has over 40 years' experience in the marine industry. The IMPA-Marine-Stores-Guide describes IMPA's products in an easy to understand language. Shipowners and marine professionals can refer to this guide when they are selecting and procuring equipment and ship stores. IMPA's Marine Stores Guide lists more than 20,000 products and includes vital information such as the supplier, the IMPA Code, IMPA's origin and data for the product's description. IMPA-Marine-Stores-Guide is a full-color document of about 1,200 pages, including all spare parts, equipment and tools used in marine field and on board of ships. The IMPA Code is the unique 6 digit code to identify products. The IMPA Code in the IMPA-Marine-Stores-Guide is the same as in IMPA's official product catalog (excluding products of the Marine Stores Group and Accessories) and is used by IMPA in the process of tendering to the marine industry. In IMPA-Marine-Stores-Guide, the IMPA Code is used as a key to identify the products according to IMPA's standard catalogue numbering system. IMPA-Marine-Stores-Guide gives a compact overview on IMPA's products for ship stores and equipments. The available space is maximized, but the quality of information provided remains high. The section "Marine Stores" is split into two parts, Marine Equipment and Marine Stores, each part containing about 500 product records. IMPA-Marine-Stores-Guide gives IMPA's position and function in the marine market. The section "IMPA" is divided into different groups as follows: IMPA
