NASHVILLE SCENE The Dixie Chicks on tour! Everyone is talking about the Dixie Chicks! With their new single, Home, the Dixie Chicks have received a tidal wave of publicity that they had never had before. In fact, The New York Times named them the "Music Newspaper's Most Talked About Female Band Of The Year" and one of the "Top 10 Artists Who Will Make History In 2004." After hitting the charts with Fly, the trio's first single off the New Year, and No Mama, the second single off their new self-titled album, the group has never been in a better position to make history than they are now. The Dixie Chicks are on tour, beginning in August with a tour of Europe before hitting the United States and Canada in September and October. At the time of this writing, the group has a few shows to go before the first of the year, but tickets are going fast. If you're not going to be at the show you can still go online and purchase the concert CD for \$12.98. The Dixie Chicks & Friends at Kix 102.7-FM Radio The Dixie Chicks' new self-titled album, produced by their legendary producer, Mike Campbell, is set to hit the shelves in September. One of the songs on the album, Behind These Hazel Eyes, was chosen to be the single and is being released in two versions. The song has been remixed by the legendary DJ Jazzy Jeff & The Fresh Prince in a "Kool" version and one with new lyrics & backing vocals by U2's Bono & The Edge. Everyone is talking about The Dixie Chicks! DICK SUCKER Dick Sucker is an upcoming American independent film, starring Dick Campbell, a former Republican Congressman, and Tom Biscardi. The film is said to be about corrupt political insider deals. Apparently, the film's original title, Dick Sucker, was changed to Dick Sucker because there is an actor named Dick Suckerman, a character from the TV show The Dukes of Hazzard, which starred Campbell. According to casting director Jackie Kallus, this explains the fact that the film is being marketed with Campbell as the main character. Dick Sucker has been in the works since 1998. In
